

ADIG CHRISTMAS SPECIAL

9 month term deposit

6.70%

Minimum balance \$5,000

Interest paid 6 monthly.

Available until December 24.

Did you know
that having interest paid 6 monthly & on maturity
increases the actual interest rate and pays you more
interest than interest only being paid on maturity.
This means the effective annualized interest rate is up
to **6.84%**

For example:

- \$100,000 invested for 9 months with ADIG on 10 December 2009 which matures on 09 September 2010
- with interest reinvested
- will earn in interest \$5,053.30 compared to \$4,992.87 if interest is paid annually.

**All with no fees or charges
& ADIG's great personal service**

Contact ADIG on 1800 803 194 (Tamworth) or
